Veterans Choose Jim Fitzsimmons As Next President

The student Veteran's Club, as its name indicates, is composed of returned members of the Armed Forces, most of whom are attending the University under the Veteran's Administration G.I. program. The Club was organized last summer and has since taken an active part in Student affairs. A Veteran's football team won the intramural championship last fall, and, at present, their boys are leading in the intramural softball league.

The new Student Council was nominated and supported by the club. The Vets have also sponsored two highly successful dances.

In Retrospect

• **THIS BEING THE LAST ISSUE** this semester, we thought we'd like to look back over the files and see what has been done during the past year. In the last issue last year, we listed certain precepts and ideals which we claimed that we would try to live up to. This seems an appropriate time to go over the past 25 issues and check up on ourselves.

Well, in the first issue, we suggested that the Student Council and Miss Atwell stop stepping on each other's toes and try to coordinate their efforts. Shortly afterwards we were informed that Miss Atwell had resigned at the end of the summer sessions. We also began our clean-up campaign, in an effort to get the local health department to make sure that the nearby restaurants and bistros complied with sanitation regulations. One of the nearby joints was fined \$50, and the other two cleaned up in time to pass inspection.

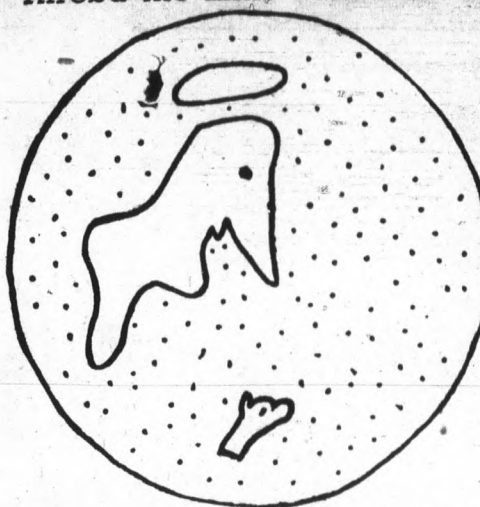

The next week we noted that Pan-Hel rush week, concentrated as it was in the first week of school, was too hectic and confused. Our suggestion, still not considered by Pan-Hel, was that they rush during registration and pledge during the first week of school. Now is the time to give that suggestion some weighty consideration; Pan-Hel had better do something, if they want to avoid a repetition of the mess they got into last October.

The next two weeks were spent trying to explain to the student body that the University Fee is not an activity fee, but an ill-named Registration or Matriculation Fee. We tried to balance the income from this fee against the expenses, as we imagined they might be, and came up with only one answer. Only about half of the fee goes toward registration costs, the rest goes toward the benefits received "in addition." We said then that: "One way or another, policy and practice do not seem to run hand-in-glove."

Early in November we took our first crack at student politics and the political system. We thought class officers and Student Council officers unrepresentative of the entire student body. Now that the Student Council elections are over, and only 1,200 out of 5,500 students voted, we still think the same thing. Officers represent only a small minority, mostly pressure groups organized into so-called political parties.

The Cherry Tree staff had only a tentative approval to go ahead with this year's annual, and only two months away from deadline. Now that the year is over, and the yearbook expected within a

week, may we extend to Margaret Lynn and her staff our heartiest congratulations on a job well done under the most trying circumstances.

We'd still like to know why there must be a mandatory fee for the AA Degree and another for the AB. Isn't it true that the AA Degree is just a "scrap of paper" to anyone planning to go on for a Bachelor's degree?

By the end of November the Strong Hall girls were up in arms over the inequities and poor food at the Faculty Club. We're sorry to say they never got what they wanted, but after all, girls, "the war," you know.

For the month of December and half of January, we went overboard on the "Bring back Varsity Sports" issue. We honestly thought it could be done. It could have been if the boys who could play were eligible. But they didn't have a high enough scholastic average, and so the issue was tabled by the Administration. All we have left is the hope that something will happen next year to keep the issue in the minds of both the students and Administration. Sports can't come back too soon to suit us.

We also took a crack at the committee appointed to set up a University Gazette. They were appointed in the second week of October, 1944, and we still have no Gazette. That's the stuff, boys—efficiency with a capital letter. Do you think it'll be ready by next October?

Ah ha! In the first February issue, we ran a front page editorial lambasting the students because they were "lethargic" and "torpid." This came after the camel's back was broken. The straw: failure of all but .016667% of the student body to show up at an All-U Convocation. We received about four protests, but the students still find little of interest in this great big University.

We also thought that Universal Military Training in the post-war period would be a good thing and said so. We still think so, but it would appear that Congress has pigeon-holed that issue until V-Day.

Pan-Hel violated a Student Council ruling on closed nights, and was fined \$25, asked for a hearing, got it, appealed the decision, and the Student Council finally reduced it to \$15. The violation was willful, but the Council saw extenuating circumstances. Tsk, tsk. Too much pussyfooting around and not enough conviction in their own decisions.

Then came our big idea—the Student Activity Fee. We devoted several issues to an explanation of the idea, hoping to gain some student support. That's all we got: some. But 70% of those polled were in favor of it, and the idea is working at lots of other colleges and universities. We will this to next year's editors to continue. It's the sole salvation of activities on this campus. Of that we are very firmly convinced.

Then, Mr. Nessell closed up the Columbian House. There we saw red. We still think the place should be reopened, but quick. As per usual, we do not see eye to eye with the Administration, and the place remains closed. Oh well, we can't have everything. The Student Club is open 'till 7:30, and as soon as the weather clears up we can sit outside on the great, big, rolling expanse we laughingly call a campus.

After that, came Student Council elections, lots of promises, a new Council and we asked everybody to vote. Well, 1,200 did, and that was 200 more than the year before.

So, the year draws to a close. As it does, we leave you with this last admonition. Take an interest in your own University, go see the plays and concerts, attend the dances, support the University functions, get interested in what is going on around you. There's a lot to be learned and much to be gained. You owe it to yourself as much as to the University to find out what they are all about.

Letters to the Editor

To the Editors:

"Elizabeth the Queen" is over and the review has been published. I deeply appreciate the honor paid to me for my performance of Elizabeth, but I feel that Frank Falkenhainer's masterful and sustained portrayal of the difficult and demanding role of Lord Essex deserved much more than a "well handled also." If Elizabeth was well done, it was primarily because Essex was also good—one part is dependent upon the other. To quote a former professional critic for the News and the Times Herald "Frank Falkenhainer's Essex was a perfect foil for Elizabeth's wild tantrums. He was consistently good and often great."

Ten Years Ago —In the Hatchet

• **GROUND-BREAKING CEREMONIES** of what is now Building C were to be witnessed by an All-University assembly on May 13. Ted Pierson, president of the Student Council, was to break the earth.

Tau Kappa Epsilon absorbed the local fraternity, Sigma Mu Sigma, on June 1. Beta Phi Alpha sorority absorbed the local Phi Delta.

National Scholastic Press Association awarded an All-America Superior rating to the Hatchet. The Hatchet scored 800 points out of a possible 1,000.

In the annual, ancient and honorable feud between O.D.K. and the faculty, O.D.K. whipped the profs 7 to 2 in nine innings of baseball. Bobby Bolwell starred for the profs, playing a stellar second base. Jerry Sickler, long a tradition at the University, starred for O.D.K. at third base.

Surprise! The Cherry Tree came out on time! Reviews for "R.U.R." said it was poor. Cue and Curtin's last production of the year had a good third act, but the first two acts dragged.

Independents were trying to organize a group to enter into the social and political life on the campus. They planned to call themselves the George Washington Independents.

Margaret Wadsworth, Kappa Delta, won the Cherry Tree beauty queen contest.

Dean Wilbur was retiring in June, after 40 years' service at the University. He was to become Professor Emeritus at Commencement on June 5.

Inside Track On . . .

Don A. Balfour

• **COMMENCEMENT DAY, MAY 30**, will be a day of personal triumph for Don A. Balfour, but a day of loss for the University: Don will have achieved his diploma after five years of hard work, but the University will lose one of its most active student leaders.

Don attended night classes at Wilson Teachers' College during the school year 1939-1940. For the next two years he worked at the War Department and attended the University as a night school student. From 1942 to 1943 he served in the Army. After his discharge, he again enrolled as a night student until the passage of the "GI Bill of Rights" last summer gave him a chance to enroll as a full-time student. He has the distinction of being the first veteran in the country to take advantage of the educational opportunities which this bill offers.

During his four years at the University, activities have been Don's specialty: Hillel Foundation, Phi Alpha Fraternity, the Society for the Advancement of Management, Cue and Curtin, the Hatchet, campus politics, and the Student Council have all taken his time. Recognition of his work and achievements came in the form of election to Who's Who in American Colleges and Universities, and initiation into Pi Delta Epsilon, national honorary journalism fraternity, along with membership on the Board of Editors of the Hatchet, and Business Manager of Cue and Curtin. Pressing duties, scholastic and extra-curricular, forced Don to resign from the Comptrollership of the Student Council at the beginning of this semester.

In all frankness and seriousness, Don admits that he likes three things with a particular passion: Southern Comfort, short brunettes and work. He dislikes Beethoven's music and people who make no effort whatsoever to think.

With Foreign Commerce as his major, Don seems headed for a State Department appointment, but he says that he has several irons in the fire, and at present has no definite career planned.

PRESENTING—A picture of the late Ernie Pyle to Washington, City Rho Chapter of Sigma Alpha Epsilon, which was among the highlights at the local chapter's annual dinner-dance held at the Shoreham Hotel last Friday night. Shown from left to right are: Frederick M. Feiker, Dean of the Engineering School, Charles Johnson, chapter treasurer, George Conrad, chapter president, and Congressman Cliff Davis of Tennessee: "All SAE's." Sparks Discusses Necessity Of Supplemental Play Group

• **SPEAKING ON THE THEATER** and its place on the college campus, Floyd L. Sparks, director of Cue and Curtain, University play group, explained the merits of this extra-curricular activity at last Wednesday's Alumni Lecture Series meeting.

Besides teaching students to be thespians, the collegiate theater also teaches play interpretation, develops poise and confidence even in those not particularly interested in a stage career, and promotes better speech.

Of course, he said, the collegiate theater does not take the place of regular college classes pertaining to the play and speech, but its supplemental value to these formal courses is great.

Mr. Sparks, introduced by Larry Strickland, Director of Assembly for Student Council and in charge of the Wednesday evening lecture series sponsored by the Alumni Association, spoke in place of Major Bernard Green, Army Air Forces Intelligence Service, who was originally scheduled to speak on military intelligence.

Mr. Watson Davis, native of the District, is a University alumnus who received his Bachelor of Science degree in Civil Engineering in 1918. He was elected to talk on "Science In This War And After," in the last of the Wednesday evening series on May 23 at 8:15 p.m. in Room 1, Hall of Government.

Mr. Davis, Director of "Science Service" since 1933, is the author of "The Story of Copper," 1924, and "Science Picture Parade," 1940. His first practical experience in the field of science was with the United States Bureau of Standards from 1917 to 1921, when he served as Assistant Engineer and physicist.

Subsequently, he acted as Science Editor of the old Washington Herald from 1920-22, and Managing Editor, "Science Service," in which capacity he served from 1921 until he was appointed Director.

Mr. Davis has served as President of the American Documentation Institute since 1937; he is a member of the National Inventors Council, Executive Board of the National Child Research Center, American Society for Testing Materials, American Eugenics Society, American Concrete Institute, and the Philosophy, Geology, Engineers, Societies of Washington, besides many other national and international organizations.

He is a brother in Sigma Xi, Pi Delta Epsilon, and Sigma Delta Chi Fraternities.

Law School Relaxes At Sunday Picnic

• **BEFORE PLUNGING INTO "finals"** the faculty and students of the Law School will relax at an old-fashioned Sunday afternoon picnic on May 13.

Gordon Calvert, President of the Student Bar Association, has announced that the picnic grounds at Military Road and Beach Drive in Rock Creek Park have been reserved from 4 p.m. to 7 p.m. on Sunday, May 13 for the affair. Potato chips and a fruit drink will be furnished by the sponsoring organization, the Student Bar Association; those attending need bring only sandwiches and a healthy appetite.

All Law students interested in the picnic are urged to sign their names to the list posted on the Student Bar Association bulletin board in Stockton Hall.

Management Unit Studies Industrial Personnel Problem

• **CAPTAIN LEONARD LOEB**, USNR, former professor of physics at the University of California, spoke on the "Organization and Operation of Industrial Research" at a meeting Wednesday night, April 25, in the Hall of Government sponsored by the University Branch of the Society for Advancement of Management.

Capt. Loeb emphasized the importance of a good personnel policy in the functioning of an industrial organization, and this emphasis was endorsed by Dean Frederick M. Feiker of the School of Engineering, chapter advisor, who also addressed the meeting.

Clifford Carlstedt, president, announced that the Executive Board met in Columbian House last Wednesday at 8 p.m. to make plans for the annual election of officers which will take place May 11.

PIDE to Initiate

• **PLANS ARE** under way for a joint initiation of the University chapter of Pi Delta Epsilon, honorary journalistic fraternity, with the University of Maryland chapter, to be held May 23 at a local hotel.

Twelve members of The Hatchet and Cherry Tree staff were tapped at mid-winter convocation by the president, Mary Ring Young.

Dance Date Set

• **COGS DANCE** for servicemen will be held Friday, May 11 from 8:45 p.m. to 11:45 p.m. in the Student Club. Hostesses for the dance will be 45 University women, both sorority and independent.

Hatchet Plans Journalism Instruction Class; Schedules Eligibility Rule Reorganization

Classes to Train Student Writers On Hatchet Staff

• **UNDER THE** sponsorship of The Hatchet, an elementary course in journalism will be held during the summer term, with two members of the staff, Anne Peterson, member of the Board of Editors, and David M. Mulcahy, member of the 1944 Senior Staff, conducting the classes.

Main purpose of the course will be to train members of the Hatchet Staff in the rudiments of journalism. Any student, however, who has an interest in journalism is invited to attend. All lectures will be on a no-fee basis.

Coming as an outgrowth of the final student-administration conference which had "bring back journalism" as its theme, the classes will be organized on a semi-weekly basis continuing for two six-week periods. If the course proves a success during the sum-

LAWRENCE G. STRICKLAND

Local Group Joins Festive Celebrations

• **FRIDAY, MAY 25**, at 8:30 p.m., the Inter-American Club of the University will join with the Club de las Americas, Y.M.C.A. Originally scheduled for Friday, April 13, the celebration was postponed to observe the thirty days mourning proclaimed by the President for the late Franklin D. Roosevelt.

Several Positions Combined by IFC Because of War

• **NEW OFFICERS** of the Interfraternity Council were elected for 1945-46 at a meeting held at the SAE house last Sunday night. New president of the council is Larry Strickland of Sigma Chi. Vice-president is Stu Beatson, SAE, and social chairman, Jim Bacon of Theta Delta Chi. The position of treasurer went to Joe Vivari of Phi Sigma Kappa.

This year several offices were combined due to the small membership of the council. President and secretary are now one office, and vice-president and activities chairman have also been combined.

Voting for the various positions is determined on a rotating system, the fraternities taking turns holding the various offices. The actual voting is done with two candidates for one position with the loser taking an alternate "next highest" position automatically.

This year the presidency-secretary spot was between Sigma Chi and Theta Delta Chi. Sigma Alpha Epsilon was voted the vice-presidency and activities directorship with Phi Sigma Kappa taking the alternate treasurer position.

Provision has been made for re-assuring various positions to any reactivated chapters which may appear next year. The jobs of activities director and secretary will be given in that order to any fraternities returning to activity next fall.

Sigma Alpha Epsilon was presented with cups for winning the Interfraternity Basketball and Bowling championships.

Delta Phi Epsilon Initiates Five Men At Georgetown U

• **DELTA PHI EPSILON**, professional foreign commerce and foreign service fraternity, held its spring initiation ceremony at Georgetown University's Alpha house on Sunday, April 29, with National President Leo Shabin presiding.

James Charrier, president of the local chapter, released the names of the following initiates: Larry Strickland, Sigma Chi; Bill Long, Sigma Alpha Epsilon; Bud Friend and Bill Meines of the Veterans' Club; and Lt. Robert Holmes of Cue and Curtain.

President Charrier also announced that several George Washington students, who will be eligible for membership at the end of the current semester, will also be initiated when Alpha Chapter holds its initiation ceremonies during the first week in June.

Program Featured By Student Soloists Trowbridge, Burke

• BEFORE A CAPACITY audience of more than 600 persons, the University Glee Club, under the direction of Dr. Robert H. Harmon, presented its 26th annual Spring concert at the Willard Hotel ballroom last Saturday night.

Highlights of the musical program included solos by Betty Lou Trowbridge, soprano, who sang "My Hero" from "The Chocolate Soldier" by Oscar Strauss, "Dreamt I Dwell In Marble Halls" from "The Bohemian Girl" by Balfe, and a portion of "Lovely Appare" from "The Redemption" by Gounod; Pauline Gish, soprano, sang Schubert's "Ave Maria" and "Battle Hymn of the Republic" by Howe; Vivian Burke and Sol Pargament sang solo parts from "The Bells of St. Mary's" by Adams; Mary Beth Sheppard, contralto, sang a part of Gounod's "Lovely Appare;" and, baritone Stewart Roberts sang the solo in "To Music" by Schubert.

The final number of the concert was Rubinstein's "Kamenoi Ostrow," which was sung not only by the regular Glee Clubs, but also by former members who came to the stage from the audience. Incidentally, the Glee Club's regular accompanist, Mrs. Robert Harmon, who has been ill the past scholastic year, played the piano accompaniment for this final piece. Her place as accompanist has been taken by Judith Conklin, a soprano in the Glee Club.

At the end of the musical program, contralto Marian Lee, on behalf of the Glee Clubs, presented Dr. Harmon with a white lei as a token of affection and admiration for a director who is completing his 26th season as Glee Club director at the University.

After the concert, Stan Brown's Orchestra provided music for the traditional dance that closes the Glee Club year.

Exams Scheduled

University Alumnus Carries Dance Lead in Local Show

• JERRY ROSS, who has the dance lead in "Sing Out, Sweet Land," now showing at the National Theater, started his dance career at the University with Orchestis, the modern dance group.

In 1939, Jerry became accompanist for the dance group. He became so interested in the dance that Miss Elizabeth Burtner, teacher of modern dance at the University, suggested that he give up the accompanying and become a member of Orchestis. He showed such brilliant possibilities that Miss Burtner told Evelyn Davis, director of the Dance Playhouse, about him. Miss Davis then offered him a scholarship to the Playhouse.

For three years, Jerry continued working with the University dance group, appearing on many occasions at University functions, such as the annual dance concert of the group and the dance symposiums. Meanwhile, Jerry was a member of the Dance Playhouse Concert Group.

After graduation from the University, Jerry served two and a half years in the United States Navy. While in the service, he danced in and staged the choreography for several shows here and overseas. He made his initial Broadway appearance last season as specialty dance partner for Vera Zorina in "Dream with Music." More recently he was seen as featured dance soloist in "Rhapsody."

Orchestis Presents Folk Dance; Glee Club Participates

• A HUSHED expectancy surged through the audience at the 8 p.m. Assembly in Lisner Auditorium as the golden drapes silently parted to reveal the 1945 May Queen . . . Miss Florence Crawford.

Standing silent and majestic on the steps of the Elizabethan throne (Act 2, Scene 3 "Elizabeth the Queen," by Maxwell Anderson) she received the wild acclaim of her supporters in the audience.

From the wings, members of Queen Florence's court moved silently forward to stand at her feet. When all of the nine former contestants in the May Queen contest had arrived, Dr. Robert H. Harmon, director of the glee clubs, tripped lightly on stage to crown the queen. Placing the coronet of white gently on her dark curls he completed his task, to the delight of the assembly, with a "professional" little pinch of her cheek. (Ah, tasty morsel!)

Entertainment for the royal personage consisted of an American folk dance, called by Miss Elizabeth Burtner, director of Orchestis, by members of the modern dance groups.

The combined glee clubs completed the program with stirring renditions of "My Hero" (with a first soprano solo by the "lovely Mme. Robert," Betty Lou Trowbridge) from the operetta "The Chocolate Soldier" by Strauss and "The Bells of St. Mary's" with vocals by Vivian Burke and Sol Pargament.

Singing of the Alma Mater closed the program. Preceding the presentation of the Queen, Dr. Lowell J. Ragatz, greeted enthusiastically by the visiting high school seniors, who remembered him from previous events, opened the assembly with a brief word of welcome to the visitors. Aubrey Crump acted as master of ceremonies surrendering, after the consent to members of Mortar Board.

Assembly was held in the auditorium rather than on the terrace because of inclement weather. It was followed by dancing in the Student Club, under the direction of Alpha Delta Pi sorority. Tickets were on sale for 10 cents a set of three. While crazy couples cavorted clumsily to the tunes of Lin Bell's orchestra other "gruesome twosomes" galloped gleefully to the Gymnasium for a spot of carnival-like fun.

There booths had been arranged housing a fortune teller, a freak show (featuring strong woman Stambolsky), bingo, dart throwing, penny pitching—all the elements of the good old fashioned side show and county fair. All proceeds were donated to the Red Cross.

Prior to the assembly in Lisner, visiting high school seniors from local schools were taken on a tour through the University by members of Mortar Board. An earlier Lisner assembly introduced the heavier side of campus life with a talk on "What You Should Expect From College" from Christopher B. Garnett, Dean of Junior College; songs by All-U Sing Contest winners; and Act 3 of "Elizabeth the Queen" by the original Cue and Curtain players.

The assembly was followed by a buffet supper in the Student Club at 7 o'clock.

Ragatz Foretells Germany's Future

Phi Pi Epsilon Elects Officers At Tea; Crosswhite President

• "WHAT TO DO WITH GERMANY?" was the topic selected by Lowell J. Ragatz, professor of European history, for his talk with members of Phi Pi Epsilon, women's foreign service sorority, Sunday at the last speaker's meeting of the year.

Prior to the tea at which Dr. Ragatz spoke, new officers were elected for the coming year. They are Virginia Crosswhite, president; Janet Evans, vice-president; Margaret Williams, recording secretary; Eleanor Nash, corresponding secretary; Mary Jane Klippie, treasurer. The new president appointed Phyllis Sherman as historian, and Eva Karpischek, as pledge mistress.

Major points in Prof. Ragatz's talk, following his resume of the mistakes of the peace following World War I, were that undoubtedly 20 million Germans, in family groups, will be sent to countries devastated by Nazi bestiality as forced (this term was used in place of slave) labor to rebuild wasted areas.

In addition to the export of labor, Germany will be stripped of all machinery to replace that destroyed in France, England, Poland, Czechoslovakia, Russia and other areas. These will be part of the reparations the German nation should have imposed upon it if "the fat and contented bourgeois" group among the German people is to be made to feel the war. "So far," he stated, "approximately three-fourths of the nation have not really felt the effects of the war and remain practically untouched today."

German universities will probably be moved "bag and baggage" to Naples, Louvain, Vienna in particular and to other cities to replace famous institutions so wan-

tonly destroyed there. Already Naples has asked for the University of Heidelberg and Louvain for that at Bonn.

Art treasures, not recovered, will be replaced item for item that is for every Botticelli destroyed, a German Botticelli will be taken to replace it.

Dr. Ragatz emphasized that this type of reparation will be far less dangerous than seeking cash or gold simply because an inflow of gold into any nation would seriously disrupt the national economy and create a situation worse than war.

As for political administration, Germany will be divided into three parts, Russian, French and Anglo-American. Each of these parts will emerge from the period of occupation so stamped by the influence of its governors that a three-way schism will develop that will completely destroy the old German empire.

Eastern Germany will become a communistic satellite of the Soviet Union; northwestern Germany will pattern itself along French lines; southwestern Germany, including Wurttemberg, Baden, Bavaria, and probably Austria, will come to the fore as an Anglo-American type republic.

Following his talk, Dr. Ragatz answered questions regarding every phase of the peace in Europe and its results on the future of all nations there.

BARBARA LYDDANE

Dancers Elect New Members At Annual Tea

• ANNOUNCING the membership elections to Orchesis, University dance group, for the coming year, Barbara Lyddane, Business Manager, also requested that applications for various positions—business manager, publicity manager, costume manager, and talent scout—be given to her by today. The dance group this year presented to Miss Elizabeth Burner, director, Arbeau's Orchesographie, a source book for pre-classic dance forms, and a bouquet of flowers. The book was ordered from London.

Miss Lyddane said that the past year was the fullest in the history of Orchesis. Its performances included those prepared in collaboration with Cue and Curtain for the two plays, "And The Home and The Brave," and "Roberta," besides a performance at the opening assemblies for freshmen last September and February, the annual demonstration recital at Lisner to the largest audience in its history, and the dance at the Spring Festival and the Women's Athletic Association freshman party.

COMMENCEMENT
IN 1860

This member of a Senior Class of that year is fashion-perfect for the occasion. Top-hats were sine-qua-non, and voluminous neckcloths muffled the spotless linen. Co-education was becoming fashionable, too.

That year, 1860, civil war was looming on the country's horizon. College campuses blazed with patriotism. Railway Express was ready, at the first summons, to put its services at the nation's command. Today, America is fighting a world-wide war. So, to help all concerned, please do three simple things with your 1945 home packages and baggage: Pack them securely—address clearly and adequately—avoid abbreviating state names.

Veterans Seek Trophy In Tilt With Axemen

By BARRY KREISBERG

AS THE INTRAMURAL BASEBALL season went into its final week, the favored Veterans' galaxy of power still had them leading the pack into the home stretch with an unblemished record of four wins and no losses.

Close on their heels were next week's games will tell the story of what's in the league. No matter what happens, though, the Vets have proved that they are champions. In one game only have they had an easy time, and that was last week's fray with Phi Sigma Kappa which they won 12-2.

A week ago Sunday they played a heavy-hitting Pharmacy team and finally beat them in extra innings, 9-8. It was "Hello, Mr. Chips," once again, as Chuck Wallack stepped up to the plate in the ninth inning with two men on base and did a repeat performance of his act against Sigma Chi, pounding one of Joe Giovacchini's screwballs into the hinterlands to wrap up the ball game.

Last Sunday Bill Streeter, Vet slaban, had a 4-0 one-hitter going into the seventh but blew the lead as a fighting SAE team came up to tie the score. In their half of the inning, however, Tommy Haycock punched a double into left field with two men on to give his mates another win.

Next Sunday tells the story. If the Vets beat the Axemen they can put the trophy on the mantle-piece at the Vets Club.

Whatever happens, Pharmacy and Sigma Chi will not be tied for second. In their meeting next Sunday one of them will drop another notch.

Sigma Chi has come up with three straight victories since their opening game loss to the Vets. Though all the games have been close the Sigs have shown a well-balanced team. In a double header Sunday, April 29, they murdered Phi Sig by a score of 23-14 and eked out a win over a surprising SAE team 5-4. Last Sunday they played three innings against the Axemen and were leading 7-2 when the Axemen forfeited. Price, the Sigs' finger thus got a 9-0 shutout.

By virtue of their wins over SAE and Phi Sig the Sigma Chi boys wrapped up the Inter-Fraternity championship.

Pharmacy has been murdering almost every team they played. After losing a close one to the Vets they swamped the Axemen 15-3. A week later they clipped Phi Sig 11-10 in a free-hitting affair.

Sigma Chi and Pharmacy, and

Pharmacy is the hot and cold club of the league and if they were cold against the Phi Sigs then Sigma Chi has a rough time in store for them next Sunday.

The Axemen have had butterflies through all the games they've played and it's a foregone conclusion that they can get over their jitters against the Vets. No one seriously thinks that the Vets will lose, but anything can happen and probably will.

In the final game next week Phi Sig meets SAE for second place in the frat league. The SAE team has been tough in every game they've played and it looks like another losing day for the Phi Sig cellar-dwellers.

Out Of the Basket

By MERVIN LEWIS

THERE COMES A TIME in every man's life when he must say goodbye to somebody, and it has finally come to me. This will be the last piece of copy I write for The Hatchet as its Sports Editor. With this issue of The Hatchet I say goodbye to anybody who ever picked up my column and read it.

Though we here at the University had no varsity teams to go out and root for, I can still say that my two years on the paper as Sports Editor and reporter have never lacked in excitement. I doubt if any preceding Sports Editor ever had the trials, tribulations, happiness, and disappointment that I have had during my all too short sojourn.

Looking back over the year, the sports situation can definitely be put down as "improved." With V-E Day just announced today, students here can look forward to something else besides books and that is the return of the University to active participation in the world of sports.

It is possible that many people who have never seen the teams we have had at the University do not miss the sight of Buff and Blue colors flying in a brisk November wind or a Colonial basketball team rising from the ranks of the underdogs and establishing themselves as a definite power.

But there are also many who long to see those colors fly again and watch the University take the place it deserves.

As the leader of a group of students who tried to get sports back this year I recall the words of one member of the faculty with whom I had a long talk after the drive to bring back sports had failed.

He took me aside and gave me an outlook which I have never before had. "Mervin," he said, "I wouldn't feel too bad about the disappointment which you and your committee has just sustained. For though you have failed, you and your associates have done a healthy thing for the University. You have aroused the 'sleeping dog' and have set the wheels in motion for a return of sports at an earlier time than might have been expected. Whatever happens, you students can take the credit for that."

That is where a great majority of students here miss the boat. Satisfied or unsatisfied, most of them prefer to remain silent because the hopelessness of a situation stares them in the face. Bringing a pregnant problem to the fore will be enough to demand discussion upon it. In some cases, the problem may be solved and in others the students may be fighting for a lost cause.

But somewhere in my memory is the saying that lost causes are the greatest ones to fight for.

That I leave to the students. Freedom is a great thing but too many abuse the privilege by not using it. The University will get greater with every year, and it is for the students to accompany it to greatness by playing an active part in its progress.
